□ 193

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

RECOGNIZING GEORGE DUKE

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize Mr. George Duke, the chairman and sole owner of Zippo Manufacturing Company.

Started by George's grandfather in 1932, Zippo has become an American icon. From earning the nickname "the GI's friend" to becoming an inter-

national pop culture symbol, this famous windproof lighter transcends generations.

Since its invention, every Zippo windproof lighter has been proudly manufactured in Bradford, Pennsylvania. George knows Zippo's success would not be possible without the local community, and he continually gives back to the place he calls home.

Zippo's most recent investment in Bradford's future is through a generous gift to the University of Pittsburgh's Bradford Campus. Last fall, the campus opened a new engineering and information technologies building, and thanks to Zippo's investment, students are learning in state-of-the-art engineering labs.

This investment provides a hands-on, cutting-edge experience for students, ultimately helping them pursue successful engineering careers in the region and beyond.

Mr. Speaker, this investment goes beyond the walls of Pitt-Bradford. It is an investment in our community and in our future.

On behalf of a grateful community, I thank George Duke for his tremendous dedication to building a thriving workforce in Pennsylvania's northern tier.

ONE VOTE TO BAN ASSAULT WEAPONS

(Mr. LANDSMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANDSMAN. Mr. Speaker, I rise today with a very heavy heart.

As a parent, my 11-year-old son is with me today on the House floor because it is spring break. I cannot imagine the pain and suffering that those parents in Nashville are experiencing.

As a Member of Congress, I can say that this is something that we can stop. It is complicated. We have a mental health crisis, and that is going to take a lot of time, a lot of money, and a lot of energy, but the guns, that is one vote to ban assault weapons, to tell the Defense Department, hey, buy all these assault weapons, these 20 million assault weapons. Give them to the military where they belong, and pass criminal background checks for all the other guns.

That is it. One vote. We are Congress. We can do it with a single vote. We just need more of us.

CELEBRATING THE LIFE OF DR. JESSICA MILLER MULLINIX

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to celebrate the life of Dr. Jessica Miller Mullinix, a loving wife and doctor at Candler Hospital in Savannah.

Jessica had practiced as an obstetrician/gynecologist at Candler Hospital

in Savannah for 4 years, building a loyal following of patients, colleagues, and coworkers.

Jessica graduated with magna cum laude honors from the University of Georgia in 2009 and the Mercer University School of Medicine in 2014.

During her time at the Mercer University School of Medicine's Savannah campus, Jessica met her husband, Dr. Patrick Mullinix.

Jessica completed her residency at Eastern Virginia Medical School in Norfolk, Virginia, in 2018 before joining the staff at Candler where she was the first OB/GYN to serve the Pooler area at the St. Joseph's/Candler-Pooler Campus.

During her residency and 4 years at Candler, Jessica delivered more than a thousand babies.

Despite her health struggles, Jessica continued to work full time at Candler, fully dedicated to the many patients that depended on her.

Jessica will be dearly missed. Our thoughts and prayers are with her and her family.

□ 1915

PUTTING PEOPLE OVER POLLUTERS

(Ms. GARCIA of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GARCIA of Texas. Mr. Speaker, I was hopeful that this Congress would be able to work together on bipartisan permitting reform. Unfortunately, it looks like extreme MAGA Republicans are hijacking H.R. 1 to put polluters over people. They seek to silence the voice of the community while doing little to nothing to lower energy costs.

Climate change is real. We need more American energy production across the board. Oil and gas workers in my district know that energy jobs can mean a real shot at the American Dream for working families.

This extreme MAGA proposal won't create all the energy jobs we must to remain globally competitive, but it does do this: It increases the deficit by \$2.4 billion.

We shouldn't have to choose between dirty air and polluted water just to meet the energy needs of the future. H.R. 1 picks winners and losers. The wealthy and well-connected win; workers lose.

I believe in workers. House Democrats will continue to lower energy costs for everyone and give future generations a cleaner, healthier environment because we put people over polluters.

HONORING THE LIFE AND LEGACY OF LINDA GREENBLATT

(Mr. MOLINARO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MOLINARO. Mr. Speaker, I rise today to pay tribute to the life and legacy of Mrs. Linda Greenblatt, a beloved social studies teacher who passed away on March 18 after decades of service to the Red Hook Central School District.

As a former student of Mrs. Greenblatt, I can attest to the profound impact she had in the classroom. She had a passion for teaching, and her lessons made students excited about history and government.

What I admire most about her is that she saw the potential in every student. She was the type of teacher who would allow students to do a project if they weren't able to take the test. This individualized approach helped students like me to realize their strengths and achieve their goals.

I thank her, as do so many, for being one of the people who got me interested in public service and helped me recognize at a very young age that every person has significant strengths and abilities.

I ask my colleagues in the House to join me in honoring the memory of Mrs. Linda Greenblatt. May her legacy continue to inspire future generations of educators and students alike.

CREATE A FEDERAL OFFICE FOR GUN VIOLENCE PREVENTION

(Mr. FROST asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FROST. Mr. Speaker, I rise today because I am furious, angry that three kids died today in Nashville, Tennessee; angry that hundreds of parents had to cry their eyes out today not knowing if their child would come home from school; and angry that we have to live day after day when we turn on the news to see rampant gun violence claiming life after life.

All of this is because of politicians in this Chamber that have been bought and paid for by the NRA, that put profits over people, over human lives, cowards who wasted our time last week passing a parental bill of rights, not giving a damn about the rights of children to be able to go to their classroom without the fear of being gunned down due to senseless gun violence.

It is likely that, at this moment, the next mass shooter is planning their shooting. What will this Chamber do about it?

I filed my first bill last week to simply create a Federal office of gun violence prevention. Three kids are dead today, and every day that we wait, 100 more people die.

I pray to God that there are some Republicans in this Chamber who can help support my legislation to save lives.

HONORING THE LIFE OF BENNO LUENSMANN

(Ms. DE LA CRUZ asked and was given permission to address the House

for 1 minute and to revise and extend her remarks.)

Ms. DE LA CRUZ. Mr. Speaker, I rise today to remember a giant in agriculture in the 15th Congressional District of Texas. Benno Luensmann of Seguin, Texas, passed away earlier this year after a storied career in Texas ag.

Benno was successful in so many different areas that it is hard just to pick one. He and his brothers built their cattle business in Guadalupe County, a company grown from what his son called a beat-up sell barn that became a thriving enterprise.

In addition to his success in cattle, Benno served the community as the local fair president and on numerous local committees. In addition to his community service and cattle business, he was an educator, having taught at Seguin High School and Texas Lutheran University. He also served as a consultant to the USDA and spent time in Asia before returning home.

Benno rightfully received recognition for his accomplishments and leaves behind a legacy in ag and the larger Seguin community.

To his wife, Shirley, and his children, Bryan, Reagan, Yvonne, and Donna, thank you so much for sharing your husband and father with the community. He touched many generations of farmers and ranchers and his local community.

HONORING THE SERVICE OF ANNIE DAYE

(Mr. DAVIS of North Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIS of North Carolina. Mr. Speaker, I rise to highlight some of our unsung heroes of eastern North Carolina, our schoolbus drivers.

Mr. Speaker, our schoolbus drivers go above and beyond when it comes to getting the job done, and Ms. Annie Daye, at Central Elementary School in Jackson, North Carolina, is without exception.

A native of Northampton County, Ms. Daye has been a schoolbus driver for nearly 50 years in the county where she grew up, making a daily impact on the lives of her 40 young passengers.

In addition to being the first person to offer students a warm smile and greeting in the morning, she creates a caring, safe environment where children can feel secure and understood.

Mr. Speaker, we need to do all we can to support schoolbus drivers to ensure every child across the First Congressional District and America has a champion like Ms. Daye.

Let's tell a schoolbus driver thank you. I thank Ms. Daye for her nearly 50 years.

UNLOCK AMERICA'S DOMESTIC ENERGY POTENTIAL

(Mr. LAMALFA asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, American families are faced with historically high inflation and energy prices.

Energy demand is expected to increase by 50 percent by 2050. Gas and oil needs will increase, and they will be met whether it is in this country or other countries around the world that haven't gone all-electric or aren't being forced into doing so.

America's needs for minerals necessary for the defense and tech sectors are projected to grow exponentially.

To meet these crises, an all-of-the-above approach is needed for American energy. Unfortunately, the NEPA permitting process hinders American domestic energy expansion.

For example, it can take a decade to open a new mine in the U.S., while other countries such as Canada and Australia take only 3 years to do the same. There is nothing new under the Sun on what needs to be permitted. Get it done.

The NEPA permitting process is filled with repetitive assessments, lengthy and expensive litigation, and bureaucratic hurdles. It is almost impossible for new energy and infrastructure projects to ever see the light of day, but I think they want it that way.

What? Are we supposed to all live in caves and eat mealworms? That seems to be the direction we are going.

CONGRATULATING VNA HOSPICE OF NORTHWEST INDIANA

(Mr. MRVAN asked and was given permission to address the House for 1 minute.)

Mr. MRVAN. Mr. Speaker, I rise today to congratulate the VNA Hospice of Northwest Indiana for receiving a Level 5 status from the We Honor Veterans program for the third consecutive year.

The women and men who volunteer to defend and protect our national security deserve every resource, consideration, and compassionate assistance when they return home.

As a member of the House Veterans' Affairs Committee and a prior local elected official in northwest Indiana for 15 years, I continue to be grateful for so many meaningful relationships with our veterans community. I will continue to do all I can to ensure our veterans receive the care and benefits that they have earned.

Mr. Speaker, please join me in congratulating the VNA Hospice of Northwest Indiana for this recognition and appreciation of their unwavering commitment to supporting our veterans and all those in need.

THANKING BOB AND LINDA BRACKEN FOR THEIR SERVICE

(Mr. SANTOS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)
